PENTICTON-SOUTH OKANAGAN-SIMILKAMEEN R.C.M.P.

**Third quarter report
Prepared for the RDOS Board**

November 2016

This reporting period encompasses the third, three-month period of calendar year 2016. The intent of this correspondence is to provide Chair and Board with a brief overview of policing operations as they pertain to the Regional District of the Okanagan- Similkameen.

CRIME STATISTICS

Specific crime statistics have been provided for each community. The Rural South Okanagan as a whole (excluding Penticton City), has seen an overall 16% decrease in Property Crime.

POLICE/COMMUNITY RELATIONS – POLICE VISIBILITY

As a region, all detachments were tasked with completing proactive street checks, targeting areas identified as high crime. This is not a seasonal initiative, but action expected from all detachments throughout the year. This is primarily checking persons who are on foot, particularly in the evenings when there is less general foot traffic. This is most successful in communities that have a dense downtown or residential core. In less dense communities, members are more likely to engage in patrols by vehicle or making vehicle stops.

Our crime analyst noted that these have doubled in almost all of the rural detachments (note this can only be broken down by detachment, not the specific area the street check occurred). All regional detachments are committed to continuing this increased trend of street checks to ensure our members remain highly visible to the public and potential offenders. This proactive measure is also an opportunity for our members to have positive engagement with the public.

CRIME REDUCTION

Prolific offenders are the small percentage of individuals who are responsible for a disproportionate amount of crime. The Prolific Offender Management (POM) program is based on an inter-agency collaborative effort involving Community Corrections, R.C.M.P., Crown Counsel, Ministry of Housing and Social Development, Correctional Services of Canada and the Ministry for Children and Family Development (Youth Services, Child Protection and Youth Probation). Protection of the community and reduction of recidivism are the guiding principles of this program, achieved by collaborative case management, consistent sharing of information amongst the program partners and engaging the offenders with community services to address their criminal behaviour. Consistent monitoring of these persons while bound by conditions is key to this program.

It is well known that prolific or chronic offenders have no boundaries, and they are often committing crime in multiple communities. These situations lend themselves to collaborative approaches amongst the South Okanagan Detachments and Units, which allows not only the pooling of resources when required but also the pooling of intelligence to assist in successful enforcement. Intelligence is collected

and interpreted through the Crime Analyst attached to the Regional Detachment. She is instrumental in ensuring resources and proactive activities are being conducted in community "hot spots".

Here are examples highlighting some of the proactive and collaborative work occurring in the region:

In June 2016, the Regional GIS Unit and the Princeton RCMP engaged in surveillance on a well known drug house. This led to the execution of a search warrant and a large amount of hard drugs and money being recovered. Charges are pending against two persons in this matter.

In August 2016, the Princeton RCMP, South Okanagan Traffic Services, Keremoes RCMP and Penticton RCMP/GIS all assisted with safely stopping a stolen vehicle. The occupants were arrested and taken into custody without incident. The occupants are suspected in several theft files throughout the South Okanagan as well as a robbery.

In October of 2016, the Princeton RCMP with assistance from the Regional GIS section executed a warrant on a property on the Princeton Summerland Rd. They recovered over \$30,000 in stolen property, and also found evidence of mail theft. This incident also had ties to a Penticton file involving firearms, and investigation is continuing in to this matter.

Recognizing mail theft as an issue in the South Okanagan, in October 2016 the Oliver Detachment executed a search warrant for stolen mail in problem residence in the community. A Postal Investigator from Canada Post assisted in providing evidence in this matter which led to 5 charges against one person, including being in possession of stolen mail, mischief and theft.

In November 2016, the Penticton Target Enforcement team in collaboration with the Oliver Detachment were able to recover several high value stolen items from a rural property outside of Oliver. This included a stolen vehicle and trailer from Penticton and a stolen trailer with 3 ATV's from Princeton.

REGIONAL COMMUNITY POLICING- PROGRAMS AND SUPPORT

In this reporting period the program continued to seek opportunities for improvement of awareness and quality of services. The program offered training sessions (on Community Accountability Panels, Best Practices as a Facilitator, and the Process of Pre-Conference Interviews) for current volunteers as well as new volunteer training and orientation.

The program explored opportunities for enhanced collaboration within the community, providing a Restorative Justice session in September for School District 67 to facilitate two students in their return to school after an incident resulting in criminal charges in the Spring of 2016. The program coordinator completed the Grant Applications for the Community Accountability Program Grants for the component municipal programs in Penticton, Oliver, Osoyoos, Keremeos and Princeton, and continued to make plans for opportunities for awareness events throughout Restorative Justice Week 2016, including collaborating with People's Law School on a community presentation. Further, the coordinator made

efforts to expand awareness of volunteer opportunities in Restorative Justice in all communities of the program through membership with the South Okanagan Similkameen Volunteer Centre.

In this reporting period Community Policing completed five presentations on Frauds & Scams and Crime Prevention in the community, assisting the Princeton RCMP with the 'Roll-Over Demonstration' at Princeton Emergency Services Demo Day, collaborating with the Penticton Public Library for a 'Learning at Lunch' event (2016/09/16), the Okanagan Regional Library in Keremeos (2016/09/13), and providing presentations responsive to the concerns of residents of Skaha Sunrise (2016/07/19) and Caravilla Estates (2016/09/27). At the end of the quarter Community Policing was working on further requests for presentations with the Penticton Public Library, Okanagan Falls Seniors Centre, and providing advice regarding an independent Citizens on Patrol program in Okanagan Falls.

In this reporting period the coordinator continued to support Child and Youth Mental Health collaborations (CYMHSU) including the Local Action Team for Penticton (Penticton LAT), the Local Action Team for Osoyoos, Oliver & Okanagan Falls (OOO LAT), the Early Intervention Committee, the Critical Response Committee, and the CYMH Co-Chair Committee, as the programs head into their final six months of funding (concluding March 2017). Partnerships with MCFD, Aboriginal Services, and the ICM team, of Martin Street Clinic, were continued to ensure effective community support specific to Aboriginal groups and at-risk individuals with Mental Health Issues (individuals of high concerns to the ICM team generating high calls for service). Finally, the coordinator met with the Justice Education Society and attended the Courthouse to explore the potential for collaboration on opportunities for youth participating in the Restorative Justice program.

The ICAT (Integrated Case Assessment Team) monitors high risk domestic violence situations through community service collaboration. They currently have approximately case 12 files they are monitoring in the region. The program has continued to be successful in decreasing recidivism in offenders in these cases.

Human Resources

Some of our smaller detachments have vacancies that are currently being staffed. Unfortunately, in our smaller communities a shortage of even one body can have a significant impact. We have been using reservists and bringing in members from other areas in some cases to supplement shifts.

Our 2 member Police Service Dog Unit has been short one member since April 2016. We are pleased to welcome Cpl. Jason Goodfellow who will be arriving the first week of December. This service is instrumental in assisting with criminal offence searches, but also with non-criminal events, such as lost persons.

Our 2 member Forensic Identification section has been short one member since August 2016. A replacement has been named but is waiting on a homesale to affect a transfer. At this time we have been receiving some support from neighbouring communities as required.

Respectfully submitted,

Staff Sergeant K.H.. Marshall

Acting Officer in Charge, Penticton – South Okanagan – Similkameen R.C.M.P. Detachment

ADMINISTRATIVE REPORT

TO: Environment and Infrastructure Committee
FROM: B. Newell, Chief Administrative Officer
DATE: December 1, 2016
RE: Mosquito Control Program Year End Update

Information Report:

The RDOS Mosquito Control Program (MCP) year-end totals and program efficacy and new modifications.

Purpose:

To update the Board with respect to the program operations, challenges, modifications and application totals for 2016.

This year was a challenge in the opposite direction to 2015, the drought year. This season started cool and wet, with flooding, contributing to a much earlier start, expanded program and continued need for applications beyond the regular 20 week program schedule. The crew started in early April and finished in September a full 4 weeks longer.

Challenges included prolonged wet weather, milder temperatures, new areas of concern, access to property issues, and on-site hazards. Also, issues with RDOS firewalls created inputting difficulties. A new google earth based system with data collection was required. The new system is specifically designed to be easier for new staff to use (succession planning), while providing better data, immediately accessible in the field. This challenge was actually a much needed innovation, and the new system is proving to be superior – saving time while capturing better data.

The threat of Zika Virus, even as distant as it was, required additional staff time to deal with concerned citizens, follow-up on CDC information and include it in published updates and media. This type of issue may be an increasing concern as alien and emerging species of mosquitos travel from other countries.

In the future, depending upon insect and climactic influences, the MCP may need to be adjusted to reflect a greater need for service. Currently, the program is robust. Staffing earlier and perhaps adding a short term third person may need to be considered, which will affect the budget, if similar weather conditions present themselves in 2017.

RDOS 2016 Mosquito Control

Summary:

- Year started early
- Zika scare
- Mosquito Control was effective

New Backpacks & Fuel

STIHL Backpacks & Aspen Fuel

- Lighter backpacks with anti-vibration technology, increased spray range, and environment friendly
- Aspen Fuel decreases fuel consumption & decreases pollution

Global TV Presentation

Global TV aired a 2+ min video about the RDOS Mosquito Control Program

Testing

- The efficacy of BTI is well known
- Any site with a larva count larger than 3 is treated
- Sites are monitored weekly and treated accordingly

Program Focus

These hazards were all under water at the start of the season

- Public education and awareness continues to be a focus for the program
- Educating customers helps lessen the probability of health issues for the community

Challenges

- Over 10% increase in amount of sites to treat
- Zika scare
- Bizarre weather patterns
- Cannot treat nature conservancies
- Property owners not maintaining properties resulting in treatment difficulties

Challenge Example

- There is 12 foot deep well hidden in this patch of 8 foot tall grass!

Challenge Examples

Improvements

- New database for site maintenance
- New mapping system
- New mail out system
- New brochure for community

H. ADJOURNMENT

By consensus, the meeting adjourned at 3:12 p.m.

APPROVED:

CERTIFIED CORRECT:

K. Kozakevich
RDOS Board Chair

B. Newell
Corporate Officer

Background:

The current boundaries of the subject property were created by a subdivision deposited at the Land Title Office in Kamloops on September 25, 1998, while available Regional District records do not indicate building permits being issued for structures that currently exist on the property (suggesting they were constructed prior to the introduction of building inspection services in the early 1970s).

Under the Electoral Area "C" Official Community Plan (OCP) Bylaw No. 2452, 2008, the subject property is designated Agriculture (AG), and is also the subject of a Watercourse Development Permit (WDP) Area and Environmentally Sensitive Development Permit (ESDP) Area designation (related to the oxbow).

Under the Electoral Area "C" Zoning Bylaw No. 2453, 2008, the property is zoned Agriculture One (AG1), which requires that the maximum parcel coverage for "all other buildings" (being structures other than dwellings or greenhouses) not exceed 3% on parcel less than 10.0 ha in area.

At its meeting of July 21, 2016, the Regional District Board approved permit No. C2016.058-DVP, which increased the maximum parcel coverage for buildings and structures on the property from 3.0% to 3.31%.

The subject property is not within a community water or sewer system; is within the Oliver Fire Department Fire Response Zone; is within the floodplain associated with the Okanagan River Channel; has been assessed as Class 01 (residential) and 09 (farm) by BC Assessment and is also situated within the Agricultural Land Reserve (ALR).

Public Process:

At its November 15, 2016 meeting, the Electoral Area "C" Advisory Planning Commission (APC) resolved to recommend to the RDOS Board that the proposed variance be **approved**.

Adjacent property owners will have received notification of this application with written comments regarding the proposal being accepted until the commencement of the regular Board meeting.

Analysis:

When assessing variance requests a number of factors are generally taken into account and these include the intent of the zoning; the presence of any potential limiting physical features on the subject property; and whether the proposed development will have a detrimental impact upon adjoining uses.

In considering this proposal, Administration notes that parcel coverage requirements in the AG1 Zone were reduced from 15% to 3% as part of the implementation of the Electoral Area "C" Agriculture Area Plan (AAP) in 2011.

The concern which this change addressed was the "loss of land base to non-productive on-farm structures" and a desire to "distinguish between Productive (greenhouses, feedlots, chicken barns etc) and Non-productive farm structures (storage barns, processing, retail, dwellings, etc)."

While it is not clear if the existing shed and its proposed use fall under the AAP's definition of "non-productive farm structures", a further variance from 3.31% to 3.36% is seen to be very minor and unlikely to adversely affect the agricultural use of adjacent properties. For these reasons, Administration is supportive of the variance request.

Alternative:

THAT the Regional Board deny Development Variance Permit No. C2016.118-DVP.

Schedule 'A'

ADMINISTRATIVE REPORT

TO: Board of Directors
FROM: B. Newell, Chief Administrative Officer
DATE: December 1, 2016
RE: Zoning Bylaw Amendment – Electoral Area “A”

Administrative Recommendation:

THAT Bylaw No. 2451.21, 2016, Electoral Area “A” Zoning Amendment Bylaw be adopted.

Purpose: To allow for a boundary adjustment between two parcels.

Owner: Luis DeMelo Agent: Brad Elenko (McElhanney Ltd.) Folio: A-06047.010

Legal: Lot B Plan KAP72608 DL 2450S SDYD Civic: N/A

Zoning: Agriculture One (AG1) Proposed Zoning: Agriculture One Site Specific (AG1s)

Proposal:

This proposal is seeking to amend the current zoning on part of the subject property in order to allow for a boundary adjustment.

Background:

At its meeting of August 11, 2016, the Electoral Area “A” Advisory Planning Commission (APC) failed to make a recommendation to the RDOS Board (NOTE: a motion to support the rezoning proposal failed on a tie vote and no other motion was put forward).

A Public Information Meeting was held ahead of the APC meeting on August 11, 2016, and was attended by approximately 30 members of the public.

At its meeting of September 6, 2016, the Regional District Board resolved to approve first and second reading of the amendment bylaws and directed that a public hearing.

A Public Hearing was held on October 13, 2016, where approximately 25 members of the public attended.

At its meeting of November 17, 2016, the Regional District Board resolved to approve third reading of the amendment bylaw.

Approval from the Ministry of Transportation and Infrastructure (MoTI) due to the amendment applying to land within 800 metres of a controlled area, was obtained on November 21, 2016.

Alternative:

THAT the Board of Directors rescind first, second and third reading of Amendment Bylaw No. 2451.21, 2016, and abandon the bylaw.

BYLAW NO. 2451.21, 2016

A Bylaw to amend the Electoral Area "A" Zoning Bylaw No. 2451, 2008

The REGIONAL BOARD of the Regional District of Okanagan-Similkameen in open meeting assembled ENACTS as follows:

1. This Bylaw may be cited for all purposes as the "Electoral Area "A" Zoning Amendment Bylaw No. 2451.21, 2016."
2. The Zoning Map, being Schedule '2' of the Electoral Area "A" Zoning Bylaw No. 2451, 2008, is amended by changing the land use designation on an approximately 2.0 hectare part of the land described as Lot B, Plan KAP72608, District Lot 2450S, SDYD, and shown shaded yellow on Schedule 'Y-1', which forms part of this Bylaw, from Agriculture One (AG1) to Agriculture One Site Specific (AG1s).
3. The Electoral Area "A" Zoning Bylaw No. 2451, 2008, is amended by:
 - i) adding a new section following 16.2.9 under Section 16.0 (Site Specific Designations) to read as follows:
 - .10 in the case of land described as Lot B, Plan KAP72608, District Lot 2450S, SDYD, and shown shaded yellow on Figure 16.2.10:

Amendment Bylaw No. 2451.21, 2016

Project No: A2016.075-ZONE

Schedule 'Y-1'

ADMINISTRATIVE REPORT

TO: Board of Directors
FROM: B. Newell, Chief Administrative Officer
DATE: December 1, 2016
RE: Zoning Bylaw Amendment – Electoral Area “E”

Administrative Recommendation:

THAT Bylaw No. 2459.21, 2016, Electoral Area “E” Zoning Amendment Bylaw be read a first and second time and proceed to a public hearing;

AND THAT the holding of a public hearing be delegated to Director Kozakevich;

AND THAT staff schedule the date, time, and place of the public hearing in consultation with Director Kozakevich;

AND THAT staff give notice of the public hearing in accordance with the requirements of the *Local Government Act*.

Purpose: To allow for the conversion of an existing dwelling into a winery and farm equipment storage and into farm labour accommodation on the second storey.

Owner: Nancy South & Iain Mant **Agent:** Okanagan Development Consultants **Folio:** E-02062.000

Legal: Lot 21, DL 206, SDYD, Plan 576, Except Plan H17800 **Civic:** 2255 Naramata Rd.

Zoning: Agriculture One (AG1) **Proposed Zoning:** Agriculture One Site Specific (AG1s)

Proposal:

This proposal is seeking to amend the current zoning of the subject property in order to allow for the conversion of an existing two storey dwelling into a winery and/or farm equipment storage on the bottom storey and develop accommodation on the top storey.

Specifically, the applicant is requesting an Agriculture One Site Specific (AG1s) Zone that will permit the floor area for an accessory dwelling, being the upper storey of the existing building, to be increased to 184 m². This area of 184 m² is less than the combined floor area for two permitted accessory dwellings (i.e. 210 m²). The site specific zone would also restrict any further accessory dwellings to be constructed on the property.

The applicant has indicated that the “proposed amendment will enhance the owner’s ability to manage and improve the agricultural capability of the property” and furthermore, the “applicants are willing to waive their rights to build a second accessory dwelling (maximum 70 square metres)” and that the “requested increase to 184 square metres is less than the combined area to two permitted 140 m² and 70 m² accessory dwellings”.

Site Context:

The subject property is approximately 4.24 ha in area and is situated on the west side of Naramata Road and is located approximately 1 km north of the City of Penticton's boundary. The majority of the property is within the Agricultural Land Reserve (ALR). The western third of the property contains a steep slope down to Okanagan Lake.

The property appears to currently contain a detached dwelling unit and a detached accessory building. Approximately one third of the property is under agricultural production.

The surrounding pattern of development is generally characterized by agricultural properties, zoned AG1 and within the ALR.

Background:

The property was created through a 1909 subdivision plan and a building permit was issued for a single family dwelling in 1975.

Under the Electoral Area "E" Official Community Plan (OCP) Bylaw No. 2458, 2008, the subject property is designated Agriculture (AG) and is zoned Agriculture One (AG1) under the Electoral Area "E" Zoning Bylaw No. 2459, 2008. Under the AG1 zone, the maximum number of dwellings permitted on a parcel between 4.0 and 7.99 ha in size is two accessory dwellings and one principal dwelling. Section 7.11 under General Regulations requires that accessory dwellings shall have a floor area of no greater than 140 m² for the first dwelling and 70 m² for any others.

The applicant's site plan indicates a location for a future dwelling site on the subject property. To date, a building permit has not been received.

Referrals:

At its meeting of November 14, 2016, the Electoral Area "E" Advisory Planning Commission (APC) made a motion to recommend to the Board that the application be approved.

Referral comments on this proposal have been received from Interior Health Authority, the Ministry of Forests, Lands and Natural Resource Operations (Archaeology Branch & Ecosystems Section), Fortis, Agricultural Land Commission (ALC) and these are included as a separate item on the Board Agenda.

Approval from the Ministry of Transportation and Infrastructure (MoTI) is not required as the proposal is situated beyond 800 metres of a controlled area.

Analysis:

Administration does not generally support the creation of ad hoc or spot zonings where they are divorced from broader strategic land use objectives.

In this instance the proposed site specific zone will not substantially vary the intent of zone or strategic land use objectives. Objectives of the OCP are to "preserve agricultural land with continuing value for agriculture for current and future production, to protect this land from uses which are incompatible with existing agricultural uses" and further to "support a strategy for diversifying and enhancing farm income by creating opportunities for uses secondary to and related to agricultural use."

This proposal will see the reuse of the existing dwelling and at the same time reduce the overall square footage of accessory dwellings permitted in the AG1 zone. The site specific zone will limit the

overall square footage of accessory dwellings permitted on the property to the upper storey of the existing dwelling (~ 184 m²) which is less than the 210 m² permitted (140 + 70 m²).

In this way the proposal can be seen as preserving agricultural land while also allowing for the possibility of added value if a winery were to be established. This proposal is also consistent with the "temporary farm worker housing" provisions (which allow for the clustering of accessory dwelling floor area in a single structure) that exist in the Electoral Area "A" & "C" Zoning Bylaws and which Administration is proposing to introduce to Electoral Area "E" as part of a separate Ag Zone Update. Administration believes that this proposal will support the agricultural use of the property and therefore supports the requested site specific zoning.

Alternatives:

That Bylaw No. 2459.21, 2016, Electoral Area "E" Zoning Amendment Bylaw be denied.

A Bylaw to amend the Electoral Area "E" Zoning Bylaw No. 2459, 2008

The REGIONAL BOARD of the Regional District of Okanagan-Similkameen in open meeting assembled ENACTS as follows:

1. This Bylaw may be cited for all purposes as the "Electoral Area "E" Zoning Amendment Bylaw No. 2459.21, 2016."
2. The Zoning Map, being Schedule '2' of the Electoral Area "E" Zoning Bylaw No. 2459, 2008, is amended by changing the land use designation on land described as Lot 21, District Lot 206, SDYD, Plan 576 Except Plan H17800 and shown shaded yellow on Schedule 'Y-1', which forms part of this Bylaw, from Agriculture One (AG1) to Agriculture One Site Specific (AG1s).
3. The Electoral Area "E" Zoning Bylaw No. 2459, 2008, is amended by:
 - i) adding a new section following 15.2.10 under Section 15.0 (Site Specific Designations) to read as follows:
 - .11 in the case of land described as Lot 21, District Lot 206, SDYD, Plan 576 Except Plan H17800, and shown shaded yellow on Figure 15.2.10:
 - a) despite Section 10.2.5, the maximum number of accessory dwellings permitted on the subject parcel shall be one (1); and
 - b) despite Sections 7.11.1 (a) and (b), the floor area for one accessory dwelling shall be no greater than 184 m² and it shall be located

above an existing building on the farm and that has only a single level.

Subject: RE: Bylaw Referral - E2016.100-ZONE

Hello Evelyn,

Thank you for your referral regarding zoning changes proposed for 2255 Naramata Road, Naramata, BC, PID 012231380, L 21 DL 206 SIMILKAMEEN DIVISION YALE DISTRICT PL 576 EXC PL H17800. According to Provincial records there are no known archaeological sites recorded on the subject property. However, archaeological potential modeling for the area indicates there is the possibility for unknown/unrecorded archaeological sites to exist on the property.

Archaeological sites (both recorded and unrecorded, disturbed and intact) are protected under the *Heritage Conservation Act* and must not be altered or damaged without a permit from the Archaeology Branch.

Prior to any land alterations (*e.g.*, addition to home, property redevelopment, extensive landscaping, service installation), an Eligible Consulting Archaeologist should be contacted to review the proposed activities and, where warranted, conduct a walk over and/or detailed study of the property to determine whether the work may impact protected archaeological materials. An Eligible Consulting Archaeologist is one who is able to hold a Provincial heritage permit that allows them to conduct archaeological studies. Ask an archaeologist if he or she can hold a permit, and contact the Archaeology Branch (250-953-3334) to verify an archaeologist's eligibility. Consulting archaeologists can be contacted through the BC Association of Professional Archaeologists (www.bcapa.ca) or through local directories.

If the archaeologist determines that development activities will not impact any archaeological deposits, then a permit is not required. Occupying an existing dwelling or building without any land alterations does not require archaeological study or permitting.

In the absence of a confirmed archaeological site, the Archaeology Branch cannot require the proponent to conduct an archaeological study or obtain a permit prior to development. In this instance it is a risk management decision for the proponent.

If any land-altering development is planned and proponents choose not to contact an archaeologist prior to development, owners and operators should be notified that if an archaeological site is encountered during development, activities must be halted and the Archaeology Branch contacted at 250-953-3334 for direction. If an archaeological site is encountered during development and the appropriate permits are not in place, proponents will be in contravention of the *Heritage Conservation Act* and likely experience development delays while the appropriate permits are obtained.

Below is a screenshot showing the property (outlined in yellow) in relation to the archaeological potential (brown/orange areas). As can be seen, the entire area within which the property is located has high potential.

If this does not represent the property listed in the data request please contact me.

Diana

ATTENTION: Evelyn Riechert

We are in receipt of the above referral. The proposed activity is located within Okanagan Nation Territory and the PIB Area of Responsibility. All lands and resources within the vicinity of this referral are subject to our unextinguished Aboriginal Title and Rights.

The Supreme Court of Canada in the *Tsilhqot'in* case has confirmed that the province and Canada have been applying an incorrect and impoverished view of Aboriginal Title, and that Aboriginal Title includes the exclusive right of Indigenous People to manage the land and resources as well as the right to benefit economically from the land and resources. The Court therefore concluded that when the Crown allocates resources on Aboriginal title lands without the Indigenous peoples' consent, it commits a serious infringement of constitutionally protected rights that will be difficult to justify.

Penticton Indian Band has specific referral processing requirements for both government and proponents which are integral to the exercise of our Rights to manage our lands and resources and to ensuring that the Crown can meet its duty to consult and accommodate our Rights, including our Aboriginal Title and management Rights. There is a cost associated with PIB referral processing and engagement. In accordance with PIB policy, proponents are required to pay a processing fee for each referral. This fee is as follows:

This fee must be paid within 30 days. Proper consultation and consideration of potential impacts cannot occur without the appropriate resources therefore it is only with payment that proper consultation can begin and the proposed activity/development can be fully reviewed.

Upon receipt of the processing fee, we will commence our review. You may then expect to receive a letter from us notifying you of the results of our review of potential impacts of the project within 30 to 90 days.

If the proposed activity requires a more in-depth review, Penticton Indian Band will notify the proponent and all parties will negotiate a memorandum of agreement regarding a process for review of the proposed activity.

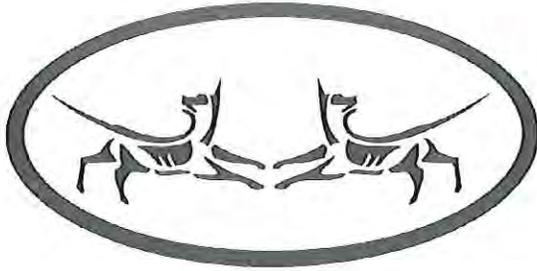

Please note that our participation in the referral and consultation process does not define or amend PIB's Aboriginal Rights and Title, or limit any priorities afforded to Aboriginal Rights and Title, nor does it limit the positions that we may take in future negotiations or court actions.

If you require further information or clarification, please do not hesitate to contact me.

RE: Request for a 60 (sixty) day extension

Thank you for the above application that was received on October-24-16. This letter is to inform you that due to current levels of internal capacity, we are unable to review your referral in your proposed timeline. With additional time, Penticton Indian Band will be able to ensure that an informed review process will occur. We are setting the new timeline to be 60 days from the existing timeline.

Most recently, the Supreme Court of Canada in the Tsilquot'in case confirmed that the province has been applying an incorrect and restrictive test to the determination of Aboriginal Title, and that Aboriginal Title includes the exclusive right of a First Nation to decide how that land is used and the right to benefit economical from those uses.

Please note that not receiving a response regarding a referral from Penticton Indian Band in the pre-application, current or post-application stage does not imply our support for the project.

I appreciate your co-operation.

Hi,

The Section Head for Ecosystems, Grant Furness, with the Ministry of Forest Lands & Natural Resource Operations has reviewed the above noted referral and has "No Concerns".

Cathy Lacey
Admin Support
MOE/MFLNRO Penticton

Agency referral comments have been received from the Ministry of Environment (Ecosystems Section), Interior Health Authority (IHA) and are included as a separate item on the Agenda.

Analysis:

In assessing this proposal, Administration notes that there have been no recorded complaints received in relation to the operation of this vacation rental use and that the applicant has indicated that there have been no changes to the use since the permit was issued in 2015 (i.e. the use remains limited to two bedrooms and four paying guests between June 15th and September 15th).

While it is recognised that the Electoral Area "E" OCP Bylaw No. 2458, 2008, contains a number of specific criteria against which vacation rental TUPs are to be assessed (i.e. septic capacity, screening, health & safety assessment and on-site vehicle parking provisions), this criteria was previously considered by the Board when it approved TUP No. E2015.018-TUP in 2015.

Accordingly, and in light of the absence of any change to the use or received complaints regarding its operation, Administration supports the renewal of this permit for a further three years (to December 31, 2019).

In accordance with Section 19.0 of the Electoral Area "E" Official Community Plan Bylaw No. 2458, 2008, the land specified in Section 5 may be used for a vacation rental use as defined in the Electoral Area "E" Zoning Bylaw, being the use of a residential dwelling unit for the accommodation of paying guests occupying the dwelling unit for a period of less than 30 days.

CONDITIONS OF TEMPORARY USE

7. The vacation rental use of the land is subject to the following conditions:
 - (a) the vacation rental use shall occur only between June 15th and September 15th;
 - (b) the following information must be posted within the dwelling unit while the vacation rental use is occurring:
 - i) the location of property lines by way of a map;
 - ii) a copy of the Regional District's Electoral Area "E" Noise Regulation and Prohibition Bylaw;
 - iii) measures to address water conservation;
 - iv) instructions on the use of appliances that could cause fires, and for evacuation of the building in the event of fire;
 - v) instructions on the storage and management of garbage;
 - vi) instructions on septic system care; and
 - vii) instructions on the control of pets (if pets are permitted by the operator) in accordance with the Regional District's Animal Control Bylaw.
 - (c) the maximum number of bedrooms that may be occupied by paying guests shall be two (2);
 - (d) the number of paying guests that may be accommodated at any time shall not exceed four (4);
 - (e) a minimum of two (2) on-site vehicle parking spaces shall be provided for paying guests, in accordance with Schedule 'B';
 - (f) camping and the use of recreational vehicles, accessory buildings and accessory structures on the property for vacation rental occupancy are not permitted; and
 - (g) current telephone contact information for a site manager or the property owner, updated from time to time as necessary, as well as a copy of this Temporary Use Permit shall be provided to the owner of each property situated within 100 metres of the land and to each occupant of such property if the occupier is not the owner.

RE: Request for a 60 (sixty) day extension

Thank you for the above application that was received on November-09-16. This letter is to inform you that due to current levels of internal capacity, we are unable to review your referral in your proposed timeline. With additional time, Penticton Indian Band will be able to ensure that an informed review process will occur. We are setting the new timeline to be 60 days from the existing timeline.

Most recently, the Supreme Court of Canada in the Tsilquot'in case confirmed that the province has been applying an incorrect and restrictive test to the determination of Aboriginal Title, and that Aboriginal Title includes the exclusive right of a First Nation to decide how that land is used and the right to benefit economical from those uses.

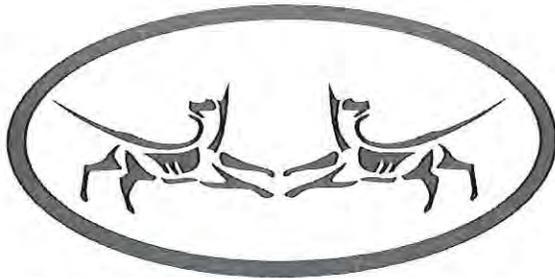

Please note that not receiving a response regarding a referral from Penticton Indian Band in the pre-application, current or post-application stage does not imply our support for the project.

I appreciate your co-operation.

ATTENTION: Christopher Garrish

We are in receipt of the above referral. The proposed activity is located within Okanagan Nation Territory and the PIB Area of Responsibility. All lands and resources within the vicinity of this referral are subject to our unextinguished Aboriginal Title and Rights.

The Supreme Court of Canada in the *Tsilhqot'in* case has confirmed that the province and Canada have been applying an incorrect and impoverished view of Aboriginal Title, and that Aboriginal Title includes the exclusive right of Indigenous People to manage the land and resources as well as the right to benefit economically from the land and resources. The Court therefore concluded that when the Crown allocates resources on Aboriginal title lands without the Indigenous peoples' consent, it commits a serious infringement of constitutionally protected rights that will be difficult to justify.

Penticton Indian Band has specific referral processing requirements for both government and proponents which are integral to the exercise of our Rights to manage our lands and resources and to ensuring that the Crown can meet its duty to consult and accommodate our Rights, including our Aboriginal Title and management Rights. There is a cost associated with PIB referral processing and engagement. In accordance with PIB policy, proponents are required to pay a processing fee for each referral. This fee is as follows:

Invoice Number: 612

Please make cheque payable to Penticton Indian Band. re: P.C.132 RTS #2063

This fee must be paid within 30 days. Proper consultation and consideration of potential impacts cannot occur without the appropriate resources therefore it is only with payment that proper consultation can begin and the proposed activity/development can be fully reviewed.

Upon receipt of the processing fee, we will commence our review. You may then expect to receive a letter from us notifying you of the results of our review of potential impacts of the project within 30 to 90 days.

If the proposed activity requires a more in-depth review, Penticton Indian Band will notify the proponent and all parties will negotiate a memorandum of agreement regarding a process for review of the proposed activity.

Please note that our participation in the referral and consultation process does not define or amend PIB's Aboriginal Rights and Title, or limit any priorities afforded to Aboriginal Rights and Title, nor does it limit the positions that we may take in future negotiations or court actions.

If you require further information or clarification, please do not hesitate to contact me.

Thank you for the opportunity to provide comment on the above referenced TUP from the viewpoint of our policies and regulations governing water supply and wastewater.

This office has no objection to the issuance of the TUP however we do recommend that the owners of the subject property ensure that maintenance of the onsite sewerage dispersal system serving the dwelling is up to date in that the septic tank has been pumped out and inspected by an Authorized Person in the past 3 to 5 years. It should also be confirmed by an AP that the dispersal field is functioning properly and that the dispersal system has the capacity for and is suitable for the change in use of the property.

ADMINISTRATIVE REPORT

FROM: B. Newell, Chief Administrative Officer

RE: Contract Award "Transportation And Processing Of Recyclable Asphalt Shingles"

Administrative Recommendation:

THAT the RDOS Board of Directors award a five year Contract for the 'TRANSPORTATION AND PROCESSING OF RECYCLABLE ASPHALT SHINGLES' to Intercity Recycle Ltd.

Reference Documents:

- RDOS/REQUEST FOR QUALIFICATIONS TRANSPORTATION AND PROCESSING OF RECYCLABLE ASPHALT SHINGLES - August 31, 2016
- INTERCITY RESPONSE TO REQUEST FOR QUALIFICATIONS September - 15, 2016
- Draft Contract Agreement
- RDOS Purchasing and Sales Policy

Purpose:

To continue providing the diversion of recyclable old asphalt shingles (OAS) from disposal at Regional District administered Sanitary Landfills.

Business Plan Objective:

Solid Waste Management Plan

Funding:

The funding for the provision of this service is available in:

2016 Budget Line Item 1-2-3000-3527 CONTRACT SRVCS-ASPHALT SHINGLES RECYLNG - \$39,000
2016 Budget Line Item 1-2-3500-3527 CONTRACT SERVICES - SHINGLE RECYCLING - \$45,000
2016 Budget Line Item 1-2-3400-3523 CONTRACT-SHINGLES, GLASS, CONCRETE RECYCLE - \$16,000

Background:

To further continuing the leadership role of the Regional District of Okanagan-Similkameen (RDOS) regarding protecting the local environment, in 2010 the RDOS established an old asphalt shingles (OAS) Recycling Program that diverts old asphalt shingles from being buried in landfills. The RDOS has played a key role in the development of a localized OAS industry; in 2009 the RDOS, in cooperation with the District of Summerland, Regional District of North Okanagan and Regional District of Columbia Shuswap initiated programs for the stockpiling of separated OAS in landfills. The Corporations together were able to generate a sufficient volume of raw materials (approximately 4,000 metric tonnes) enabling Intercity Recycle to process (sort, grind and screen) OAS to a specification making it financially viable for Commercial Asphalt Plants to upgrade their facilities to introduce the material into their process. Currently Vernon Paving and West Lake Paving are utilizing OAS in their asphalt manufacturing process. In addition Intercity has developed a product that provides dust control and enhances roadway durability currently being used in City of Vernon alleyways, the Rise Golf Course and two RDOS landfills.

Operationally, the existing contractor, Intercity Recycle, attends RDOS landfill sites on an “as requested” basis based on volume collected. The RDOS Operations Contractors load the OAS for transport to Intercity’s Processing Facility near Armstrong. In 2015, RDOS administered Landfills diverted approximately 1,200 metric tonnes (M.T.) of OAS.

Upon the expiry of the current five year contract the RDOS issued a Request for Qualifications for the ‘Transportation And Processing Of Recyclable Asphalt Shingles’. Intercity Ventures was the sole respondent. The proposed contract is for a five year term with an option to extend. There is an 11% increase over the 2011 Processing and Transportation Costs, from \$86 to \$95 per M.T. The disposal fee for clean source separated Asphalt Shingles is currently \$50 per M.T.

It should be noted that this contract is based on volume collected and the annual budget expense line may fluctuate throughout the years. It is further recommended that, in the 2017 Fees and Charges Bylaw, the fees for clean Source Separated Asphalt Shingles be considered to have an increase of 20%, raising existing rates from \$50 per M.T. to \$60 per M.T.

Alternatives:

The Board may choose to not award this project at this time.

BYLAW NO. 2765, 2016

A bylaw to provide for the borrowing of such sums of money as may be requisite to meet the 2017 current lawful expenditure of the Regional District.

WHEREAS the Board of the Regional District of Okanagan-Similkameen is empowered by Section 404 of the Local Government Act by bylaw to provide for the borrowing of such sums of money as may be requisite to meet the current lawful expenditure of the Regional Board and 2017 current lawful expenditure of the Regional District; it is deemed expedient that the Board borrows an aggregate sum of FOUR MILLION SEVEN HUNDRED FIFTY THOUSAND DOLLARS (\$4,750,000.00);

NOW THEREFORE, the Board of the Regional District of Okanagan-Similkameen in open meeting assembled enacts as follows:

1 Citation

1.1 This Bylaw shall be cited as the **Regional District of Okanagan-Similkameen Revenue Anticipation Borrowing Bylaw No. 2765, 2016**.

2 Interpretation

2.1 In this bylaw:

- (a) That it shall be lawful for the Regional Board to borrow upon the credit of the Regional District from a chartered bank or credit union the sum of FOUR MILLION SEVEN HUNDRED FIFTY THOUSAND DOLLARS (\$4,750,000), in such amounts and at the rate thereon at the prevailing bank prime rate per annum.
- (b) That all monies so borrowed and interest payable thereon shall be payable on or before the thirty-first (31) day of December, 2017.
- (c) That the form of the obligation or obligations to be given as acknowledgement of the liability shall be a promissory note or notes bearing the corporate seal and signed by the Chairperson and the Treasurer.
- (d) That there is hereby set aside as security for the liability hereby authorized to be incurred, being that part of the tax requisitions from member municipalities for the year 2017 deemed by the Regional Board expedient to be so set aside.

RE: Alternative Approval Process for Okanagan Regional Library Contribution Service Bylaw No. 2756, 2016

Administrative Recommendation:

THAT the deadline for submitting elector response forms in relation to Bylaw No. 2756, 2016 to the Manager of Legislative Services is no later than 4:30 pm on Friday January 6, 2017; and,

THAT the elector response form attached to the report dated November 17, 2016 be the approved form for Bylaw No. 2756, 2016 alternative approval process; and

THAT the total number of eligible electors to which the alternative approval process applies is 4210; and,

THAT the number of elector responses required to prevent the bylaw from proceeding without a referendum is 421.

Reference:

Bylaw No. 2756, 2016
Local Government Act
Community Charter

History:

Regional District of Okanagan-Similkameen Okanagan Regional Library Contribution Service Establishment Bylaw No. 2756, 2016 received three readings August 18, 2016, and then received approval by the Inspector of Municipalities. Pursuant to Section 345 of the *Local Government Act*, the Board may now proceed with the alternative approval process (AAP).

Analysis:

Section 345 of the *Local Government Act* and Section 86 of the *Community Charter* outline the requirements of the AAP. The Board must establish a deadline for elector response forms, establish an elector response form and determine the number of eligible electors in the service area.

Staff proposes advertising as follows:

| <u>Newspaper</u> | <u>Publication Dates</u> |
|------------------|--------------------------|
| Keremeos Review | November 23 & 30, 2016 |
| Western News | November 30, 2016 |

The deadline for elector response forms must be thirty days after the second publication date; therefore, the deadline date will be Friday January 6, 2017.

The Regional District does not maintain a voter's list. The Information Services Department has determined the eligible electors within the Regional District. The number of electors in the proposed service area is estimated to be 2756.

If the number of elector response forms signed is less than 10% of the estimated electors, the Board may consider adopting the bylaw. If the number of elector response forms signed is more than 10% of the estimated eligible electors, the bylaw would require elector assent through referendum.

Communication Strategy:

1. Although the statutory requirement for advertising AAPs is limited to two ads in a single newspaper, it is acknowledged that many residents of smaller communities refer frequently to the small paper or online publications created within those communities. To ensure optimal coverage, the Regional District will advertise the AAP in the Keremeos Review as well as the Penticton Western News. The Notice will also be posted to the RDOS Facebook page.
2. A data sheet containing the details of the Okanagan Regional Library Contribution Service will be included on the AAP webpage, along with all of the required forms and bylaws.
3. The Ministry of Community, Sport and Cultural Development has developed a guide for local governments in BC on the Alternative Approval Process - [AAP - Guide for Local Governments](#). The guide, although created primarily for Local Government staff and Elected Officials, contains information which is an excellent resource for the public in helping to understand why an AAP is held instead of an Assent vote (referendum).

Staff has developed a more condensed guide geared specifically towards the public and a copy will be available on the AAP webpage.

BYLAW NO. 2756, 2016

A bylaw to establish a contribution service for the provision of funds to the Okanagan Regional Library.

WHEREAS the Board of Directors of the Regional District of Okanagan-Similkameen may, in accordance with the *Local Government Act*, operate a service that the Board considers necessary or desirable for all or part of the Regional District;

AND WHEREAS the Board of Directors wishes to establish a contribution service for the provision of funds to the Okanagan Regional Library to assist with operations at the Keremeos Branch;

AND WHEREAS the Board of Directors resolved by a 2/3 vote that participating area approval be obtained for the entire proposed service area;

AND WHEREAS the approval of the electors was obtained for the entire service area by the alternative approval process, in accordance with the *Local Government Act* ;

NOW THEREFORE the Board of the Regional District, in open meeting assembled, **ENACTS** as follows:

1 **CITATION**

1.1 This bylaw may be cited as the Regional District of Okanagan-Similkameen Okanagan Regional Library Contribution Service Establishment Bylaw No. 2756, 2016.

2. **ESTABLISHMENT OF THE SERVICE**

2.1 The service established by this bylaw is for the provision of funds to the Okanagan Regional Library to assist with operations at the Keremeos Branch.

3 **BOUNDARIES OF THE SERVICE AREA**

2.1 The boundaries of the service area are the boundaries of the Village of Keremeos, and Electoral Areas "B" and "G" of the Regional District of Okanagan-Similkameen.

4 **PARTICIPATING AREAS**

4.1 The participants in this service are the Village of Keremeos and Electoral Areas "B" and "G" of the Regional District of Okanagan-Similkameen.

5. **COST RECOVERY**

5.1 As provided in the *Local Government Act*, the annual costs of the Service shall be recovered by one or more of the following:

- (a) property value taxes imposed in accordance with Division 3 [*Requisition and Tax Collection*];
- (b) fees and charges imposed under section 397 [*imposition of fees and charges*];
- (c) revenues raised by other means authorized under this or another Act;

Regional District of Okanagan-Similkameen Okanagan Regional Library Contribution Service Establishment Bylaw No. 2756, 2016

Notice of Alternative Approval Process

NOTICE IS HEREBY GIVEN pursuant to Section 86 of the Community Charter, that the Board of Directors of the Regional District of Okanagan-Similkameen seek the approval of the electors with the boundaries of Village of Keremeos and Electoral Areas "B" and "G" of the Regional District for the adoption of Regional District of Okanagan-Similkameen Okanagan Regional Library Contribution Service Establishment Bylaw No. 2756, 2016.

In general terms, the bylaw establishes a contribution service for the provision of funds to the Okanagan Regional Library to assist with operations at the Keremeos Branch. The annual maximum amount that may be requisitioned for the cost of the service shall not exceed the greater of \$33,000 or \$0.0624 per \$1,000 net taxable value of land and improvements.

The alternative approval process applies to qualified electors within the Village of Keremeos, and Electoral Areas "B" and "G" of the Regional District of Okanagan-Similkameen (the "Service Area").

PLEASE TAKE NOTICE THAT the Regional District may proceed with the approval of Regional District of Okanagan-Similkameen Okanagan Regional Library Contribution Service Establishment Bylaw No. 2756, 2016 unless at least ten percent (10%) of the qualified electors (those meeting the criteria below) within the Service Area indicate their opposition by signing the Elector Response Form.

The Regional District has estimated the total number of qualified electors in the service area to be 4,210 and that 10% of that number, or 421 qualified electors, must submit signed Elector Response Forms to prevent the Regional District from adopting the bylaw without the full assent of the electors by referendum.

An elector response form must be in the form established by the Regional District. Elector Response Forms are available from the Regional District office, including by mail, fax, or email, on request or on the Regional District website at www.rdos.bc.ca.

The deadline for delivering the original signed Elector Response Form to the Regional District is 4:30 pm on Friday January, 6, 2017.

The only persons entitled to sign an Elector Response Form are those who meet the following criteria:

Resident electors must:

- (a) be 18 years of age or older;
- (b) be a Canadian citizen;
- (c) be a resident of British Columbia, for at least 6 months;
- (d) be a resident of the Village of Keremeos, Electoral Area "B" or Electoral Area "G" for at least 30 days; and
- (e) not be disqualified by an Provincial enactment, or otherwise disqualified by law, from voting in an election.

Non-Resident property electors must:

- (a) not be entitled to register as a resident elector of the Village of Keremeos, Electoral Area "B" or Electoral Area "G";
- (b) be 18 years of age or older;
- (c) be a Canadian citizen;
- (d) be a resident of British Columbia, for at least 6 months;
- (e) be a registered owner of real property in the jurisdiction for at least 30 days;
- (f) not be disqualified by any Provincial enactment or otherwise disqualified by law, from voting in an election; and
- (g) only register as a non-resident property elector in relation to one parcel of real property in a jurisdiction.

The bylaw is available for public inspection at the Regional District Office **101 Martin Street, Penticton, BC**, weekdays (excluding statutory holidays) between the hours of 8:30 a.m. to 4:30 p.m., or alternatively, on our website at www.rdos.bc.ca. Please note the Regional District office will be closed between Christmas and New Year's Day.

Elector Response Form**

Pursuant to Section 269 of the *Local Government Act*, the Regional Board of the Regional District of Okanagan-Similkameen is proposing to seek the assent of the electors of the Regional District by alternative approval process in accordance with Section 86 of the *Community Charter*. The question before the electors is whether they are opposed to the adoption of Regional District of Okanagan-Similkameen Okanagan Regional Library Contribution Service Bylaw No. 2756, 2016, which, if adopted, will authorize the Regional Board to provide funds to the Okanagan Regional Library to assist with operations at the Keremeos Branch.

INSTRUCTIONS

1. If you are opposed to the adoption of Bylaw No. 2756, 2016, you can sign an elector response form **if you qualify as an elector of designated service area.**
 2. If you are NOT opposed to the adoption of the bylaw, you need do nothing.
 3. To sign an elector response form you MUST meet the qualifications as either a Resident Elector or a Non-Resident (Property) Elector of the Regional District. If you are unsure if you qualify, please contact the Regional District Office at 492-0237.
 4. Each Elector Response form may be signed by one elector of the Regional District.
-

1.

All Elector Response Forms must be received by the Regional District on or before 4:30 p.m. on **Friday January 6, 2017** to be considered.

No faxed elector response forms will be accepted; must be **original signatures**.

2.

The number of electors in the service area is estimated to be 4210. If ten (10%) percent [421 electors] of the estimated number of electors in the Regional District sign an elector response form in opposition to the adoption of the said bylaw, Regional District cannot adopt the bylaw without receiving the assent of the electors by referendum.

ADMINISTRATIVE REPORT

TO: Board of Directors

FROM: B. Newell, Chief Administrative Officer

DATE: December 1, 2016

RE: Lower Similkameen Community Forest Partnership
Contribution Service Establishment Bylaws

Administrative Recommendation:

THAT first, second and third readings of Bylaw No. 2739, 2016 Regional District of Okanagan-Similkameen Electoral Area "B" Lower Similkameen Community Forest Partnership Contribution Service Establishment Bylaw, and Bylaw No. 2740, 2016 Regional District of Okanagan-Similkameen Electoral Area "G" Lower Similkameen Community Forest Partnership Contribution Service Establishment Bylaw be rescinded and the bylaws abandoned.

Purpose:

To remove two bylaws from "pending status" that are not permitted to be adopted.

Bylaw No. 2739

Bylaw No. 2740

Letter from Deputy Inspector of Municipalities

Staff Report dated June 2, 2016

Business Plan Objective:

1.1 To be an effective, fiscally responsible organization

Background:

In 2014 it was determined that the Regional District had entered into the Lower Similkameen Community Forest (LSCF) partnership without the legislated approval from the Inspector of Municipalities and discussions began at the Board to determine a course of action with respect to the Board's interest in the partnership.

A report to the Board of November 5, 2015 detailed the corporate status and the estimated financial status, based on a limited review of documents provided by the corporation's accountants. A successive report of February 25, 2016 outlined potential options in the event that one or both of

the Electoral Area Directors for "B" and "G" wished to continue to participate in the forest tenure in the Lower Similkameen Watershed.

In May of 2016, both Electoral Area Directors expressed a desire to continue on as participants in the partnership and the Board was advised of next steps including the establishment of service areas to enable funding from those electoral areas, the approval and incorporation of a new corporation and the transfer of RDOS interest from the existing corporation to the new corporation with all approvals in place.

On June 2, 2016, the Board of Directors gave three readings to Bylaw Nos. 2739 and 2740. The bylaws were subsequently forwarded to the Inspector of Municipalities for approval before commencing alternative approval processes to obtain elector approval.

Analysis:

On October 11, 2016, the Deputy Inspector of Municipalities advised the Regional District that he would not approve these two bylaws, citing section 273 of the *Local Government Act* (General prohibition against assistance to business).

The Deputy Inspector did not offer any advice that these bylaws could be brought into revised in such a way that they would be approved. Therefore, administration recommends that the bylaws be abandoned.

Respectfully submitted:
