Okanagan Similkameen Regional Hospital District

Dear Ms. Sentes,

Thank you for your recent correspondence. Primary Care is a complex and important area of development across the Province and we are very pleased to see our local communities benefiting from the investment and energy within these plans. The South Okanagan Similkameen Growth Plan is one of a number of initiatives within Primary Care being developed by the Divisions of Family Practice, Interior Health, and local First Nations partners.

I understand that our Chief Financial Officer, Sylvia Weir, has been in touch and is actively seeking a time to meet with you. She will share the context and the available information about this initiative.

Interior Health appreciates your continued support and looks forward to continuing our funding partnerships for the benefit of our local communities in the South Okanagan.

Sincerely,

Susan Brown
President and Chief Executive Officer
