

SUN VALLEY WATER SYSTEM USERS BOIL WATER NOTICE & PLANNED WATER SHUT DOWN WEDNESDAY, MAY 9, 2018

MAY 8, 2018

On Wednesday morning, the Regional District of Okanagan-Similkameen will be upgrading the current Water Quality Advisory for turbidity to a **Boil Water Notice** for the entire **Sun Valley water system**. This is in response to water being shut down for a repair and the resulting loss of system pressure.

The **Boil Water Notice** will remain in effect until further notice.

WATER SHUT DOWN

WHEN: 9:00 A.M. WEDNESDAY, MAY 9, 2018

WHERE: APPROXIMATELY 20 HOMES WITHIN THE WATER SYSTEM

Once the water is turned back on, residents may observe some discoloration or sediment in the water. If you experience dirty water, simply run your cold water taps only and/or garden hose until the water runs clear. In addition, residents should check the water quality before laundering of clothing during this time to minimize potential staining or discoloration.

All residents are advised to use a safe alternate source of water or to boil water for all drinking, infant formula preparation, brushing teeth, food preparation/cooking purposes and ice making. Water should be brought to a full boil and allowed to boil for at least 1 minute.

The RDOS would also like to remind all business owners/operators (bed and breakfasts) and public facilities operators that it is the responsibility of said establishments to notify their customers of the Boil Water Notice.

For further information, please contact the Public Works Department at (250) 490-4106 or (250) 490-4135 during regular business hours, Monday through Friday. Thank you for your cooperation.
