

NOTICE

WILLOWBROOK WATER SYSTEM

TEMPORARY WATER SHUT DOWN FOR CHLORINE PROJECT TIE IN

RDOS Public Works crew and contractors will be shutting down the water supply July 7th. The shutdown is necessary for connecting the new water main to the system.

WHEN:	Tuesday, July 7th, 2020
TIME:	8:00 a.m. -5:00 p.m. (estimated)
AREAS AFFECTED:	All of Willowbrook

We anticipate this job to take approximately 8-9 hours. Residents should ensure a good supply of water is on hand for use throughout the day and for toilet flushing and hand washing etc. Irrigation should not be running at all on July 7th because there is a very limited amount of water in the small reservoir.

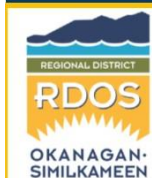

If possible, please let any of your neighbours in the area know that may not have email or internet. Once the work is completed, you may wish to run your cold water taps or outside hoses for a few minutes to flush any turbidity or cloudy water through prior to drinking or using for laundry etc.

Please give us a call with any questions at 250-490-4135 or 250-490-4106 for any water quality issues. We apologize for any inconvenience and thank you for your patience.

For after-hours water related emergencies, please call Regional Dispatch at 250-490-4141

Be Safe—Be Informed—Be Involved In Your Community

SIGN UP TO RECEIVE IMPORTANT RDOS WATER SYSTEM NOTIFICATIONS

To ensure the residents and property owners of the Regional District of Okanagan-Similkameen are safe, informed and up-to-date with community activities, the RDOS has implemented a mass communication service called *CivicReady*. This system allows the RDOS to communicate out routine and emergency messages through email, text and/or phone call.

To sign up and or learn more about CivicReady go to: www.rdos.bc.ca & look for the alarm button or sign up link on the right-hand side
