

REGIONAL DISTRICT OF OKANAGAN-SIMILKAMEEN

REQUEST FOR PROPOSALS

for the

OKANAGAN FALLS LANDFILL MASTER PLAN AND DESIGN, OPERATIONS AND CLOSURE PLAN UPDATE

RDOS-20-PW-29

December 10, 2020

Addendum No. 1

SUPPORTING DOCUMENTATION

1. *Okanagan Falls Landfill Life-Cycle Cost Analysis*, 2017. HBHE Consulting

QUESTIONS

1. Does RDOS undertake annual surveys of the Okanagan Falls site? If so, when is the most recent survey data that is available, and when is the next survey anticipated?
Surveys are completed annually. The most recent survey data is June 26th, 2020. Ortho image, DEM, and point cloud will be available. The next anticipated survey is to be conducted this spring (2021)
2. Has the RDOS undertaken any geotechnical or slope stability assessment, and if so can this reporting be provided?
No slope stability assessment has been completed
3. The annual report references a 2017 LifeCycle cost analysis by HBHE Consulting; is it possible to obtain a copy of this report?
The 2017 lifecycle costing report is being added to supporting documentation as above.
4. Has the RDOS prepared any updated fill plans subsequent to the 2014 DOCP, and if so can this be provided?
No updated fill plans have been completed since the 2014 DOCP.
5. Does the RDOS have a preferred timeline or deadline for submission of the draft DOCP?
It is preferred that the DOCP be completed prior to Q3 of 2021.

CLARIFICATIONS

1. Okanagan Falls was described as a 'town' but should have been classified as an 'unincorporated community'.

REPORTING REQUIREMENTS

1. The successful proponent is required to report asset retirement obligations to PSAB standards according to a new section PS 3280 issued to the PSA Handbook on August 1, 2018. This new section is being adopted early by the RDOS.
