

OLALLA WATER SYSTEM

Water System Chlorination Update

Temporary Water System Chlorination Update

Based on recent results from ongoing water testing the RDOS is removing the temporary chlorination from the Olalla water system. Residents may continue to notice the taste and odour of chlorine over the next couple of days until it works its way through the system.

For further information, please contact the Public Works Department at 250.490.4106. Thank you for your cooperation.
