

POSSIBLE TEMPORARY WATER SERVICE INTERRUPTION NOTICE WILLOWBROOK WATER SYSTEM

Effective June 26, 2025

June 24, 2025

Please be advised of a possible water service interruption in the area due to repairs being facilitated by the Regional District of Okanagan-Similkameen (RDOS) Public Works.

WHEN: Thursday, June 26, 2025.

TIME: Time unknown, will be a maximum 1-hour disruption.

LOCATIONS: See full address list below.

To prepare for the potential water service interruption, please ensure that you have an adequate supply of water on hand for domestic use.

If the water service is interrupted, once water service is restored, you may notice temporary adverse water quality (high colour, suspended solids and turbidity). Crews will make all efforts to remove any discoloured water; however, if you experience dirty water, simply run your cold water taps only and/or garden hose until the water runs clear. Residents should check the water quality before laundering clothing during this time to minimize potential staining or discolouration.

For further information, contact RDOS Public Works at 250-490-4135 during regular business hours, 8:30 am to 4:30 pm, Monday through Friday.

For after-hours water emergencies, please call RDOS Regional Dispatch at 250-490-4141.

Thank you for your cooperation.
