

Heritage Hills

- water (private – should it be? Concern)
- planning (some say too much others too little)
- transit (too much)
- police – want more
- roads

Kaleden

- sewer
- water
- roads
- bylaw enforcement (distant 4th)

Skaha estates

- by far sewer is most pressing issue
- lesser extent is water, roads, and bylaw enforcement
- higher results of people who thought another ea director is needed

Upper Carmi

- most important issue is fire protection
- water
- more likely to think they do not get value for taxes, and need another EA director (higher percentage than any other community)
- want less garbage collection (curbside)

Apex

- fire protection, logging, solid waste top concerns. Some bylaw enforcement issues, and issue with planning (lack of) and parks/trails planning
- unsatisfied with parks and trails, recreation, solid waste, planning, invasive species and ec. Dev.
- No value for taxes, too many agencies

OK Falls

- only area where economic development near top of list of key concerns (also concern in Apex)
- water highest concern
- policing much larger concern here and need for community presence or program
- other issues include bylaw enforcement, and roads
- governance and governance related issues listed as concerns here (rare elsewhere)
- higher response to all governance options – value for taxes (27% disagree), 40% think 1 EA not enough, 40% too many agencies, and 25% not enough say
