

TEMPORARY WATER SERVICE SHUTDOWN NOTICE

OKANAGAN FALLS WATER SYSTEM

Effective February 27, 2026

February 26, 2026

Please be advised that RDOS Public Works will be temporarily shutting down the water supply for the following addresses in order to facilitate the repair of a mainline valve.

WHEN: Friday, February 27, 2026

TIME: 9:00 am to 5:00 pm

WHERE: See list below:

- **Cedar St.** Addresses 960, 980, 5224, 5229, 1017, 1020 Strata, 1025, 1032 Strata, 1033, 1041
- **Pumphouse Rd.** Addresses 970 and 980
- **Hawthorne Pl.** 5445

In preparation for the water service shutdown, please ensure that you have an adequate supply of water on hand for domestic use.

Once water service is restored, you may notice adverse water quality temporarily (high colour, suspended solids, and turbidity). Crews will make all efforts to remove any discoloured water; however, if you experience dirty water, simply run your cold water taps only and/or garden hose until the water runs clear.

Residents should check the water quality before laundering clothing during this time to minimize potential staining or discolouration.

The RDOS understands the inconvenience this may cause and appreciates your patience. For further information, please contact RDOS Public Works at 250-490-4135.

For after-hours water emergencies, please call RDOS Regional Dispatch at 250-490-4141.

Thank you for your cooperation.
