Density Averaging Agreement Application:

For any proposal for density averaging to permit increased density of development within the CD zone, the Regional Board will consider whether the proposed development is appropriate for the site in relation to the policies of the Official Community Plan and any other applicable government policy.

Proponents of increased density within the CD zone must submit to the Regional Board an 'Application for Density Averaging' accompanied by a Comprehensive Development Plan which includes the following:

- a) a site plan or plans, including legal descriptions, of the parcel to be developed, showing the location, dimensions and floor area ratios of all existing and proposed buildings and showing proposed streets, lanes, highways, driveways, parking and loading areas, sidewalks, street lighting, utilities and utility easements in relation to existing streams and other topographical features of the site;
- b) preliminary architectural plans and elevations for any proposed buildings;
- c) existing and proposed grades and their relations to the elevations on adjoining properties;
- d) the location, size, height, colour, lighting and orientation of all signs;
- e) the location and treatment of open spaces, existing and proposed landscaping, fences and walls;
- f) text outlining all proposed uses;
- g) the methods for meeting conditions for obtaining a development permit.
