BYLAW NO. 2500.24

REGIONAL DISTRICT OF OKANAGAN-SIMILKAMEEN

BYLAW NO. 2500.24, 2022

A Bylaw to amend the Regional District of Okanagan-Similkameen Development Procedures Bylaw 2500, 2011

The REGIONAL BOARD of the Regional District of Okanagan-Similkameen in open meeting assembled, ENACTS as follows:

- 1. This Bylaw may be cited for all purposes as the "Regional District of Okanagan-Similkameen Development Procedures Amendment Bylaw No. 2500.24, 2022."
- 2. The "Regional District of Okanagan-Similkameen Development Procedures Bylaw No. 2500, 2011" is amended by:
 - (i) adding a new Section 3.14 under Section 3.0 (General Provisions) to read as follows:
 - 3.14 Septic System Assessment
 - .1 Where a Septic System Assessment is specified as an application requirement by this bylaw or is requested as Development Approval Information, it shall be in the form of a report prepared, signed and sealed by an Authorized Person who is defined in the BC Sewerage System Regulation.
 - A Septic System Assessment shall include the following:
 - An assessment of the proposed or existing onsite septic system for a) suitability with the new use that is consistent with the most current BC Sewerage System Standard Practice Manual and includes:
 - identification of the proposed or existing onsite septic system as i) either a Type 1, 2, or 3;
 - a review of all existing permits, filing documents, and/or ii) maintenance records available;
 - iii) identification of the daily design flow of the system as currently installed or proposed; and

- iv) estimation of the daily design flow required for the intended use using the maximum flow rate.
- b) A summary statement from the Authorized Person concluding whether the proposed or existing septic system is suitable for the intended use in their professional opinion;
- c) a site map drawn to an identifiable scale that includes the following information:
 - i) the location and size of each existing or proposed septic system on the property;
 - the location of all buildings and structures to be serviced by ii) each existing or proposed septic system, including any paving or landscaping that may impact the septic field(s).
- d) If under section 3.14.1 (b) the Authorized Person finds that the system is not suitable for the intended use, then the report shall also include:
 - any repairs, maintenance, or improvements required to make i) the system suitable for the intended use such that a health hazard is not likely to occur; or
 - a suggested design for a replacement system that would be ii) suitable for the intended use.
- (ii) adding a new Section 1.9 under Section 1.0 (Application Requirements) of Schedule 5 (Application for a Temporary Use Permit) to read as follows:
 - .9 Septic System Assessment
 - A Septic System Assessment prepared in accordance with the (a) requirements of Section 3.14 of this bylaw, shall be submitted to the Regional District, for the following types of uses:
 - "vacation rental", when the subject property is not connected to a i) community sewer system.
 - (b) A Septic System Assessment report is not required where the applicant can demonstrate that a Septic System Assessment report has previously been provided to the Regional District for the proposed use and:
 - all conditions in the report have been met; and i)
 - ii) the intended use is the same as that which was considered in the report; and
 - iii) A Registered Onsite Wastewater Practitioner (ROWP) registered as a "Maintenance Person (MP)" with the Applied Science Technologists & Technicians of British Columbia (ASTTBC) has provided a

statement that the system has been maintained in accordance with the applicable plan and is in good working order after the change of use.

(c) Despite sub-section (a), a Septic System Assessment may be required as Development Approval Information by the Regional District for any other use.
