Junior RANGERS

WildSafeBC

***Store your garbage indoors until
the day of collection.***

1

Junior RANGERS

WildSafeBC

Birdfeeders should only be used after bears have gone to sleep for the winter.

***Be sure to pick all windfall and ripe fruit
otherwise you might attract wildlife to your yard!***

***Make sure the family barbecue is kept clean,
otherwise you may get visitors that you don't want!***

5

***Keep your dog on a leash -
it is safer for your dog and safer for the animals.***

START

FINISH

*Find the correct route to the garbage truck.
Avoid all of the animals that might get into the garbage!*

Never feed a bear!

Never run from a bear!

JUNIOR RANGERS

WildSafeBC

Colour the picture and then circle with red any food a bear might eat!

Deer with fawns can be dangerous. Never approach a deer with a fawn and leave any fawn where you find it.

JUNIOR RANGERS

WildSafeBC

Coyotes often live close to humans. Colour the picture and circle in green all the mice that the coyotes might eat. Circle in red the things the coyotes shouldn't eat.

JUNIOR RANGERS

WildSafeBC

***Wildlife is best viewed in the wilds.
Use your binoculars and give the wildlife plenty of space.***
