

# REGIONAL DISTRICT of OKANAGAN- SIMILKAMEEN

## Request for Proposal

### NEW Fire Truck (Water Tender)

RFP # 16120220101

#### Addendum #1

January 11, 2022

---

This addendum shall be read in conjunction with and considered as an integral part of the Request for Proposal. Revisions supersede the information contained in the original RFP. No consideration will be allowed for any extras due to any proponent not being familiar with the contents of this addendum. All other terms and conditions remain the same.

By this Addendum # 1, the above noted project shall be amended as specified below.

1. RFP Closing Date
  - The closing date will be extended to 15:30 hrs (local time) on February 18, 2022.
2. Used Truck - Optional
  - 2018 or newer, less than 250,000 km.
4. Axle Ratings / GVWR
  - Vendor to specify the proposed axle ratings (Front and Rear) as well as the GVWR as required to accommodate the 1600 – 2000 Imperial gallon water tank on a single axle chassis.
5. Tank
  - Tank capacity to be 1600 - 2000 imperial gallons. Vendor to maximize the water tank capacity while maintaining axle weight ratings & GVWR limits.
  - The water tank can be constructed from Aluminum or Poly (Specify grade). Tank configurations with a lower center of gravity will be preferred.
6. Inlets & Outlets
  - As a minimum requirement:
    - One (x1) 4" rear inlet, direct tank fill, with a butterfly valve.
    - One (x1) 4" inlet in the driver's side compartment equipped with a butterfly valve.
    - One (x1) 2-1/2" outlet in the driver's side compartment with a valve.
    - One (x1) 1" pre-connect for the hose reel, with a valve.Other configurations will be considered.
